

Black&White Poly Sheeting

Benefits of ThermoFlo Black&White

- Thick 6mil poly sheeting
- Reflects 90% of light back to crops on the white side
- Black side absorbs light
- Can be used to partition areas and waterproof
- Boxed and bagged in retail packaging
- Available in 10' x 25' and 10' x 50' and 10' x 100' rolls
- Distributed throughout North America

Applications

- Dust barrier to protect walls, carpets, furniture, equipment and other clean surfaces
- Exterior scaffold cover
- Room separator/divider
- Concrete curing cover
- Covering for large materials outside for weather protection
- Instant all purpose cover
- Interior moisture barrier/insulator for unprotected windows
- Painting drop cloth: use to cover carpets and floors
- Waterproof exterior storage cover
- Camping/tent cover
- Sun shield - reflects heat (white side)
- Landscape/nursery ground cover for level beds to prevent weeds
- Cover beneath decks, patios and walkways to prevent weed growth
- Greenhouse lighting aid: reflects 90% of light on the white side
- Frost prevention on plants
- Greenhouse winterizing cover

ThermoFlo Technologies guarantees that ThermoFlo Black & White will be free from any manufacturing defects including bubbling and separating as long as the installation of the product is in a manner consistent with ThermoFlo Technologies installation guidelines.
